### HARRY'S: A STORY OF EXCELLENCE

Created and launched in 1972 by Arrigo Cipriani of the famous Harry's Bar in Venice, the Harry's brand has been able to keep in the time its charm and the ability to create an unmistakable atmosphere.

A unique philosophy that, born in Venice, came to life in its own right in the extraordinary city of Trieste, where today Harry's fully represents a brand that is synonymous with food and wine excellence in all its expressions.

***"There comes a time in life when only one thing helps, a glass of champagne."***

- Bette Davies
